Module E: AI Applications – Submission Criteria

📁 1. Project Folder Submission

- Create a **Google Drive folder** named with your **Project Title + Your Full Name**.
- Upload the **complete project folder** inside this Drive folder. The folder must include:
    - Source code
    - Datasets (if any)
    - Supporting files/resources
- Ensure the **Google Drive link is accessible to everyone** (*Anyone with the link can view*).

📝 2. Report, Slide Deck & Video Submission

Within the same Google Drive folder, create a **subfolder titled "Presentation & Report."**
Upload the following items into this subfolder:

1. **Project Report (2 Pages, PDF Format)**
2. **Slide Deck (Presentation File)**
3. **Presentation/Demo Video (Approx. 7 Minutes, MP4 Format)**
   This video is the **primary basis for evaluation**.

Students must clearly **explain and demonstrate** the following points:

1. **Introduction** – State your name, project title, and chosen track.
2. **Problem Statement (Input)** – What is the project about? What problem are you solving and why is it important?
3. **Project Outcome (Output)** – What solution have you built? Show what you made (the project/prototype/tool).
4. **Objectives** – The key goals of your project.
5. **Methodology** – Briefly explain the approach, dataset, and tools/technologies used.
6. **Implementation** – Explain how you developed the project (steps taken).
7. **Demo/Working** – Demonstrate **how your project works** (show features or functionality).

8. **Results & Observations** – Highlight what your project achieves, performance, or insights.
9. **Conclusion & Future Work** – Summarize your contributions and mention possible improvements.

Final Submission

Submit the **main Google Drive folder link** containing:

- The **complete project folder**
- The **"Presentation & Report"** subfolder (with report, slide deck, and video)

Make sure permissions are set to **"Anyone with the link can view."**
